

Bata Industrials[®] gumboots

FOOTWEAR BEYOND SAFETY

Bata has been setting the standards and manufacturing safety gumboots in New Zealand since 1964.

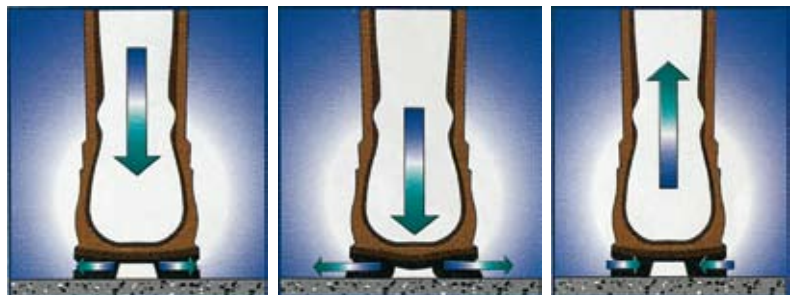

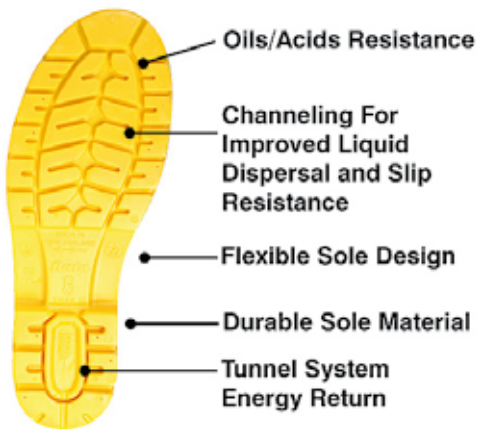

We are proud to have been supplying New Zealand industry for over 40 years with a product that we believe to be the best on the market!

At Bata we make sure our gumboots are made to the highest standards. To meet the approval of the NZ Standards Association our boots are tested by an independent laboratory (LASRA). We also carry out very specific in-house testing on our raw materials as well as daily testing on the finished gumboot.

That's why when it comes to quality industrial gumboots you can't buy better than Bata.

Why we believe Bata gumboots are the best:

- ✓ Our gumboots have a lifetime guarantee on manufacturing faults
- ✓ Our gumboots feature our own Tunnel System
- ✓ Our gumboots feature a heel shelf for "no hands" removal
- ✓ Our gumboots are made for New Zealanders and feature a roomy shaft and sole fitting for added comfort
- ✓ All our gumboots come with EVA comfort replaceable insoles
- ✓ Most of our gumboots have cut off bands for height adjustment
- ✓ We stand behind our product 100%

Our new tunnel system sole features a conical cavity inside the heel that spreads to absorb the weight of the wearer on impact. In other words, it puts more spring in the step and less stress on the wearer.

Bata Industrials - Footwear Beyond Safety

Safety remains very important in the work place. However, today's workforce demand more from their footwear. They want extreme comfort from shoes that look good but keep them fit and healthy at work at the same time.

That is why at Bata Industrials we are fully focused on the wear experience and perception of the men and women who wear our shoes. Every day their wishes and needs drive our efforts in research, development and design. Driving us beyond the current norms. Further in protection. Further in support. Further in fit and durability.

This means that Bata Industrials stands for 'footwear beyond safety'. Presented to you here in which safety, health and comfort come together more attractively than ever before! For the most widely varying applications in the most widely varying jobs and trades.

Bata Industrials is a specialized division of the world's largest shoe manufacturer: the Bata Shoe Organisation.

So our footwear incorporates more than 100 years of experience. We combine this with the most advanced material and techniques and the latest insights into bio-mechanics to continually push the envelope of our capabilities.

With one single overriding goal: to guarantee the wearers of our shoes optimum safety, health and comfort. This philosophy has won Bata Industrials an outstanding reputation in the better class of safety footwear.
